

Arizona Complete Health-Complete Care Plan Comprehensive Preferred Drug List

The Arizona Complete Health-Complete Care Plan Comprehensive Drug List includes drugs that have been reviewed and approved by a committee of doctors and pharmacists. This is not a complete list of all covered drugs. If you need a drug that is not in the drug list, call Arizona Complete Health-Complete Care Plan Member Services and ask if it is covered. If the drug is not covered, your doctor may request prior authorization to cover the drug.

The drug list is updated often and may change. You can view the latest drug list at www.azcompletehealth.com/providers/pharmacy.html

Pharmacy Program

Arizona Complete Health-Complete Care Plan provides appropriate, high quality, and cost effective drug therapy to all Arizona Complete Health-Complete Care Plan members. Arizona Complete Health-Complete Care Plan covers prescription drugs and certain over-the-counter (OTC) drugs when ordered by a doctor. Some drugs require prior authorization (PA) or have limits on age, dosage and maximum amounts.

Generic drugs have the same active ingredient as their brand name equivalents and should be used as the first line of treatment. This is unless a drug specifically notes brand is preferred. If there is no generic available, there may be more than one brand name drug that can be used in your treatment. The Arizona Complete Health-Complete Care Comprehensive PDL is reviewed often by our Arizona Complete Health Pharmacy and Therapeutics (P&T) Committee. This helps promote the appropriate and cost-effective use of medications.

Dispensing Limits

You can get up to a maximum of thirty (30) day supply or one hundred (100) unit dose for each new prescription or refill. A total of 85% of the 30 day supply must have elapsed before the prescription can be refilled for most drugs.

Prior Authorization and Other Limits

Some drugs listed on the Arizona Complete Health-Complete Care Plan Comprehensive PDL may require Prior Authorization (PA). Your doctor or pharmacist will request a PA for you. . This document is located on the Arizona Complete Health-Complete Care Plan web-site at

<https://www.azcompletehealth.com/providers/pharmacy.html>

Your provider can send a PA request electronically to

<https://www.covermy meds.com/epa/envolverx/>

They may also fax the PA form to: 1-855-554-5233

Arizona Complete Health-Complete Care Plan will cover the medication if:

1. There is a behavioral health medical reason that requires the specific medication
2. Depending on the medication, other medications on the PDL have not worked

If the request is approved, Arizona Complete Health-Complete Care Plan notifies your prescriber by fax. If the clinical information provided does not meet the coverage criteria for the requested medication, Arizona Complete Health-Complete Care Plan will:

- Review the request and notify you and your prescriber of our decision
- Let you know about alternative medications if available
- Provide information about what you can do to appeal our decision if you do

not agree with it.

Have your Pharmacy call the Pharmacy Help Desk at **1-888-624-1131** for help filling a 4 day emergency supply.

Exclusions

The Arizona Complete Health-Complete Care Plan Drug List does not include certain drugs. The following types of drugs are excluded from coverage. They are also not available for a 4 day emergency supply.

- Drugs that are considered experimental or investigational
- Drug Efficacy Study and Implementation (DESI) drugs
- Prosthesis, appliances and devices
- Drugs prescribed for infertility
